The new drummer is Charlie Price, who has made a couple of overseas appearances with the band and who, like sax player Karl Wirmann, is a resident of Saffron Walden in Essex. He replaces Bruce Allen, who himself had come in during 2002 to replace Terry Davey who had been Intensified's drummer since the band formed back in 1990.

BATTLESKA HEADLINE THE LEAS

BATTLESKA GALACTICA play their biggest gig to date when they headline at the Leas Cliff Hall in Folkestone on Saturday July 31st, with support from HOAX and SEVENTH STORY FORWARD.

The energetic ska punk seven (sometimes eight)-piece will shortly be releasing their new album "Songs From The Crypt" which will be one of the eagerly anticipated local releases of the year. Battleska's debut "Will Skank For Cash" album was recorded live at the Forum in Tunbridge Wells in late 2002 and included live favourites such as the title track, "Festa di Carne" and the seminal "El Salvacore". The band have since gone from strength to strength and the Leas should be quite a night. For more information about the band, visit www.battleskagalactica.com

Dover's HOAX are a pop-punk band who have impressed at local gigs over the past couple of years and drummer Leon has recently been seen making the odd one-song cameo appearance with mentors More Than Normal.

SEVENTH STORY FORWARD are one of the best new bands to emerge in the area over the past year or so, having started out as Prosaic. For ticket details, contact the Box Office on 01303 228600.
